

Access virtual healthcare 24/7 with HealthTap

Welcome to the next generation of virtual primary healthcare. HealthTap is a virtual healthcare provider that offers online tools to get personalized information and evaluate symptoms, as well as provide access to virtual doctor visits. Access HealthTap from the comfort of your own home to address any health concerns you may have.

HealthTap gives you access to high-quality primary healthcare via web and mobile app. With HealthTap, you can:

-  Search an extensive library of doctor-answered questions
-  Ask your own question and get a written answer from a HealthTap doctor in 24 hours or less (U.S.-based board-certified physicians)
-  Check your symptoms and receive personalized guidance about what to do next
-  Live text or video chat with a doctor (available 24/7 with a wait-time of less than 1 minute) for a fee of \$49 per visit
-  View the [FAQ document](#) for more information on payment and reimbursement.

Activate your HealthTap account today!

Just visit
